- > Finger splint for extension of PIP joints
- > Newly designed sizes system for increased individual care
- > Linear spring force
- > Spring force can be adjusted individually
- > High wearing comfort by elaborated, wear-resistant, foamed padding
- > Color: white

NEW

Art. no. 121 100

BORT OmoFX

- > Reusable shoulder-arm abduction orthosis
- > Pleasant smooth velour cover
- > Physiological strap system, thus even increased wearing comfort
- > Immobilization of shoulder joint and elbow
- > Abduction position: approx. 30 °
- > Color: blue

NEW

Art. no. 122 500

BORT EpiContur® Epicondylitis-Splint with 2 Pelottes

- > Special fit for friction or compression of tendon insertion points
- > Two freely positionable pelottes
- > High wearing comfort due to skin-friendly materials
- > Individual pressure-setting by means of infinitely variable adjustable reversing strap
- > Colors: blue, beige

NEW

Art. no. 104 710

BORT Stabilo® Back Bandage with Pelotte

- > Anatomic form-knitted bandage
- > With lumbosacral friction pelotte
- > 2 anatomically pre-cast splints in dorsal area
- > The semi-elastic abdominal position provides correction of the hollow of back of LWS (lower lumbar spine pain)
- > Easy putting on by means of hand loops
- > Colors: beige, silver-grey

NEW

Art. no. 101 600

BORT OA® Spirit GII Unloader™

- > Knee-Unloader orthosis in case of isolated lateral/medial gonarthrosis
- > Varus-/Valgus-correction to be freely adjusted
- > Thermoplastic, easy adjustable thigh and lower leg shells
- > Adjustable, polycentric gear segment hinge
- > Low own weight
- > Individual dosage of axis correction by DNS (Dynamic-Force-Strap)
- > Color: black

NEW

Art. no. 054 900

BORT AchilloStabil® Ankle Bandage

- > Three-dimensional form-knitted dual tension bandage
- > Visco-elastic profile inserts alongside of the achilles tendon
- > Flat-knitting quality with specially padded seams
- > Pressure relief of achilles tendon and intermittent massage for better blood circulation
- > With heel cushion for non-effected leg to equalize length differences of legs
- > Colors: beige, silver-grey
